EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Stephen Curran (Reg. No. 50.664) on 11/7/2205.

The application has been amended as follows:

In the specification, on page 1, lines 10-11, remove “, details of which server can be found at <http://www.sun.com/products-n-solutions/hw/networking/netrat/t1/>”.

3. The following is an examiner's statement of reasons for allowance: The prior art of records fails to teach nor suggest a service processor comprising a management interface including dual ports, the first port forms an external user interface and the second port forms an internal console interface, the service processor provides system management function and being responsive to eternal mode switching commands received via the user interface to operate on one of the two modes, first mode is a management mode in which commands are processed by the service processor, and second mode is a console mode in which commands are passed by the service processor to the internal console interface for processing by the host processor when
